SPECIAL THANK YOU

Mike Donnelly was the chairman of this year's fireworks booth. I would like to personally thank him for the great job he did getting the booth organized. It was a time for family get togethers and kids having a lot of fun. Our booth was set up at Arena Cross Stadium again this year, and we would like to express our sincere appreciation and thanks to **Darrell Melton & Darrin Layton**. These people extended their hospitality to us and let the club set up the booth on their property. We greatly appreciate their generosity. To **Dale White** and **Sahib Muja-hid** with **Excellent Fire Protection** - we would like to thank them for taking care of our fire extinguishers. A very special thanks to **Mike** and **Adrian Baker** and their families for camping out at the booth for several days and to **John Miller** who is always there and willing to help out. We appreciate all your efforts on behalf of the club. Last, we want to thank all our faithful members who helped out by setting up or working at this event. We all had a great 4th. **Thank you!!!** We appreciate all your help.

BEREAVEMENT

We were deeply saddened to hear of the death of **Darrell Fauke**. Our sincerest sympathy goes out to his family. We would also like to extend our deepest sympathy to **Travis Milner** and family for the loss of his grandfather.
